Mayor Clayton stated Copperton follows the state code. He suggested that if she sees other people violating the state code, she should call the police. He knows the police have spoken with others on the issue.

Nathan Bracken stated the state law is established and there is not room for negotiation on the requirements for a vehicle being street legal.

Council Business

Cemetery Fee

Council Member Stitzer stated the Cemetery Board has determined they need to make some adjustments to the fee schedule, which has not been updated since 2019. They need to move a fence to have a proper turnaround and to purchase or lease some new equipment. They have some pipelines they need to fix. The board is recommending a 1.5 percent increase. Plot fees will go from \$500 to \$750. The entire Cemetery Board agrees on the new proposed schedule.

Mayor Clayton stated he agrees with the proposed schedule and supports putting it on the agenda for July.

Nathan Bracken stated he suggests the Council amend the fee schedule to include these fees. The MSD staff needs to be notified that the Council will be adding this to the fee schedule.

Approval of Minutes

Council Member Stitzer stated the minutes from May need to be revised to reflect

DATE WEDNESDAY JUNE 15, 2022

that a comment on page 6 was made by Tammy Sheehy; not her. On page 8, a name is noted but a comment is not included, she would like the name omitted since there is no dialogue.

Council Member Stitzer, seconded by Council Member Olsen, motioned to approve the amendments. The motion passed unanimously.

Fiscal Items

Mayor Clayton reviewed the attorney bill for \$325.00 for legal services for the month of May.

Council Member Stitzer, seconded by Council Member Olsen, moved to approve the invoice. The motion passed unanimously.

Later in the meeting, Mayor Clayton reopened Fiscal Items.

Mayor Clayton stated the Utah League of Cities and Towns is a huge lobbying power at the legislature. Copperton has been invited to join them and the annual fee is \$500.

Mr. Bracken stated it would be a good idea to join. There are a lot of small cities that have joined. He has already worked with the League on Metro issues.

Council Member Bailey, seconded by Council Member Stitzer, motioned to join the Utah League of Cities and Towns and pay the \$500 membership fee. The motion passed unanimously.

Park Discussion

Jerry Dunaway stated graffiti is a huge issue right now. The park has been vandalized four times in the last week between the hours of 9:30 pm and 11:30 pm. He called UPD but did not receive a response. This is also an issue in the cemetery. The lights at the park are turned off at 9:00 pm in the pavilion and 10:00 pm in the park, but the park is open until 11:00.

Council Member Stitzer stated they are tagging anything and everything. The lights could be timed to match the park hours.

Mr. Dunaway suggested closing the park at 10:00 pm, which is a standard for parks.

Mayor Clayton stated this needs to be put on the next agenda. The Council will notice it publicly and hold a public hearing.

DATE WEDNESDAY JUNE 15, 2022

Mr. Dunaway stated he is working on the sprinklers. There are some heads and some large lines that are broken. The irrigation person is not doing their job and water is being wasted.

Mayor Clayton stated the Council can contact Parks and Recreation and ask the sprinkler inspector to come out and fix things.

Mr. Dunaway stated a few people have suggested turning the hockey court, which is not being used, into a pickleball court. The pickleball players will bring their own nets; it just needs to be repainted. Alternatively, it could be painted to be a multi-use court.

Mayor Clayton stated the Council should finish the tree project and then see if there is money left in the capital fund for painting the courts. This can be included in the budget for 2023.

Mr. Dunaway stated some of the trees look to be sick and dying.

Mayor Clayton stated the trees are under warranty and they will be cared for.

Copperton Code Rewrite

Nathan Bracken stated as the Copperton Metro Township codes are rewritten, he will provide drafts for the Council to review. Once the drafts are completed, it will be brought before the Council for final adoption.

Arborist Tree Update

Council Member Stitzer stated there is a concern from a resident about the placement of a tree because of its proximity to the races that are held in Copperton.

Council Member Bailey stated tree removal is done through Parks and Recreation and they have approved it. Daniel Allen, Arborist, SuperTrees Inc., continues to work on the black mold issue.

Street Signs in Copperton

Council Member Stitzer stated stickers have been placed on the street signs that read Copperton Metro Township instead of Salt Lake County.

DATE WEDNESDAY JUNE 15, 2022

Council Member Clayton stated the signs in the park can be replaced once the curfew at the park is decided upon.

Council Member Stitzer stated they may want to revamp all the signage for the park.

Mayor Clayton suggested having a “Design the Sign” contest at Town Days at the end of August.

Council Member Stitzer stated Rio Tinto wants the Council to be cautious about what is done with the bridge. The bridge needs to be beautified and they like the idea of opening it up to the community. Rio Tinto still owns a massive portion of where trail systems are being discussed.

Committee/Board Updates

- Legislative Research Committee

Mr. Bracken stated he will be working on the Utah League of Cities and Towns water and land use issues.

- Bingham Cemetery Board

Council Member Stitzer stated last month they talked about potentially having billing statements sent in a better way and asked if she needed to follow up.

Mayor Clayton stated he has been working on it.

Council Member Stitzer stated the Board is working with the Jenx family on genealogy for the cemetery. Graffiti continues to be an ongoing issue and anyone who sees anything should call the police. Until they can get a remote gate, it will need to be manually opened and closed every morning and night.

Detective Holt stated a patrol office can check on the gate.

- Copperton Community Council

Council Member Stitzer stated Rio Tinto would like to be added to the agenda in July to discuss dust mitigation. They are building an additional building that will be solar powered that will run the concentrator and they offered to give a presentation on the building. The parade will be on June 30th and the event has been posted to the Facebook page.

➤ Council Member Clayton

Greater Salt Lake Municipal Services District (MSD)

Mayor Clayton stated they hired a new Director of Finance who will be starting in July. They will be discussing budgets soon. If anyone has ideas for capital improvement, they should let him know.
