

TRAIL RIDGE ESTATES FRISBEE GOLF COURSE

General Play: The main idea of Frisbee Golf is to have the lowest score possible. The Frisbee disk is thrown towards the basket in attempt to land the disk in the basket in the least number of throws. A player's total score is found by adding all their throws together.

Teeing Off: The first throw of the hole takes place in the designated tee box. During the first throw, no part of the person's body can cross out of the tee box until the frisbee disk has been thrown. For holes 2-9, the teeing order is determined by score, with the persons with the lowest score on the previous hole going first.

Fairway Rules: The frisbee must be thrown behind or at the point the disk landed. Running starts are allowed if the player does not cross past the disk's landing point. The person furthest from the hole throws first.

Out-of-Bounds & Hazards: If the frisbee disk lands in the water or the parking lot, a stroke is added to the person's score. The disk must be thrown from the landing spot before the out-of-bounds, or where the disk first left the play area.

Par: Par is the score a first-class player would expect to throw on that hole. The goal is to get as far under par as possible.

Courtesy: Please do not harm any vegetation or wildlife and be respectful to other players. Do not leave any trash or damage any baskets.

Hole	Distance (yds)	Par
#1	54	4
#2	25	3
#3	74	5
#4	63	4
#5	74	4
#6	85	5
#7	63	4
#8	86	5
#9	85	5

Project Description and Benefit

Briefly describe your project.

Help Toquerville City put a map of the frisbee golf course at the tee box of hole one, number each hole, and then at tee boxes 2-9 put hole information like distance, par, and direction.

Attach sketches or "before" photographs if these will help others visualize the project.

Please click below to add images (JPEG, JPG, BMP, GIF, TIF, PNG, etc.)

Example of Holes 2-9 Tee Box Sign if Enough Money is Raised.

Tell how your project will be helpful to the beneficiary. Why is it needed?

Toquerville City installed frisbee golf holes at the Trail Ridge Estates Park and would like to complete the course by making it more user friendly, give some direction on how to use it, and make it look more professional. I will also add the 9th hole because there are only currently 8 holes.

When do you plan to begin carrying out your project? I plan to begin as soon as my project gets approved.

When do you think your project will be completed? I would like to complete my project by August, 2020

Tools

Include tools, and also equipment, that will be borrowed, rented, or purchased.

What tools or equipment, if any, will you need? You do not need a detailed list, but you must show you have a reasonable idea of what is required.

Shovels, digging bar, drill, screwdrivers, level, wheelbarrow, wrench set, and a measuring tape.

Other Needs

Items that don't fit the above categories; for example, parking or postage, or services such as printing or pouring concrete, etc.

What other needs do you think you might encounter?

Printed maps and signs.

Permits and Permissions

Note that property owners should obtain and pay for permits.

Will permissions or permits (such as building permits) be required for your project? Who will obtain them? How long will it take?

Yes, I will need to present my project to the Toquerville City Council.

Preliminary Cost Estimate

You do not need exact costs yet. Reviewers will just want to see if you can reasonably expect to raise enough money to cover an initial estimate of expenses. Include the value of donated material, supplies, tools, and other items. It is not necessary to include the value of tools or other items that will be loaned at no cost. Note that if your project requires a fundraising application, you do not need to submit it with your proposal.

Enter estimated expenses below: (Include sales tax if applicable)		Fundraising: Explain how you will raise the money to pay for the total costs. If you intend to seek donations of actual materials, supplies, etc., then explain how you plan to do that, too.
Materials:	\$153.00	I will be working with local companies for my project, some of them may donate or give me a discounted rate, if I need more funds, I will seek donations in my neighborhood and others who live nearby the park and will be benefited by the changes. If we put the smaller signs at holes 2-9 it will add \$677 to the total cost.
Supplies:	\$25.00	
Tools:	\$0.00	
Other:	\$460.00	
Total costs:	\$638.00	

Project Phases

Think of your project in terms of phases, and list what they might be. The first may be to prepare your project plan. Other phases might include fundraising, preparation, execution, and reporting. You may have as many phases as you want, but it is not necessary to become overly complicated; brief, one line descriptions are sufficient.

1.	Prepare Plan
2.	Meet with project beneficiary representative
3.	Meet with city council to approve plan
4.	Fundraise
5.	Gather materials
6.	Execute
7.	Report to city council
8.	Finish Eagle Paperwork
