- Green Waste: 4.54 tons/9,080 pounds.
- Recycle (Cardboard): 1.17 tons/2,346 pounds.
- Glass: .73 tons/1,456 pounds.

Seasonal Container Reservation Program (SCRP)

Overview:

Prior to 2020, WFWRD dropped off and picked up an average of 124 containers in the streets each workday of the season. The desired staffing: 23 CDL drivers and six ground crew.

2018 - 2019: WFWRD averaged 10-12 CDL drivers and 3-5 ground crew. Full-time drivers were pulled from curbside routes, which was also short staffed. (Nation-wide CDL driver shortages began)

2022 Services: WFWRD services 13,540 homes in Taylorsville.

We delivered 1,596 containers, which is 12% of the total number of homes.

There were 342 reservation requests that we could not accommodate, which is 3% of the total number of homes.

2023 Budget Requests for our Board:

Add three Full Time Employees (FTE) drivers. (Inability to hire enough part-time/seasonal drivers to run this service)

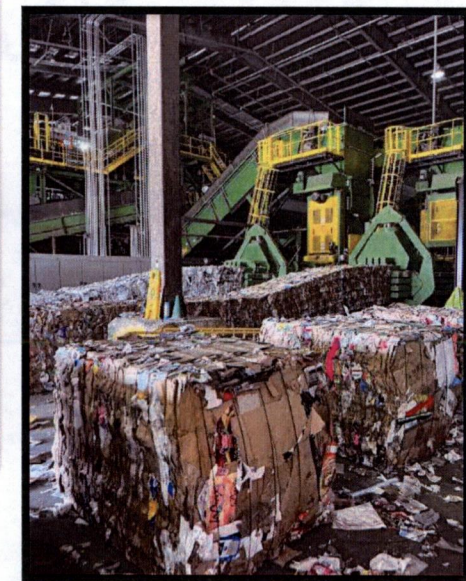

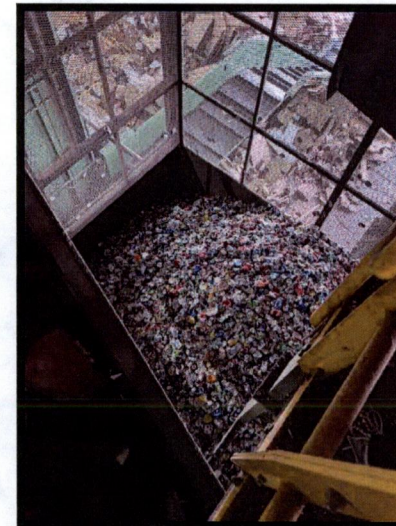

Right size the part-time/seasonal Data Specialist to an FTE position. This will help to reduce the manager's overtime.
