SAFETY MESSAGE Back to School

Walking to school

Review your family's walking safety rules and practice walking to school with your child

- Walk on the sidewalk, if one is available; when on a street with no sidewalk, walk facing the traffic
- Before you cross the street, stop and look left, right and left again to see if cars are coming
- Make eye contact with drivers before crossing and always cross streets at crosswalks or intersections
- Stay alert and avoid distracted walking

Preventing backpack-related injuries

Choose a backpack for your child carefully; it should have ergonomically designed features to enhance safety and comfort

- Ask your child to use both straps when wearing their backpack to evenly distribute the weight on their shoulders
- Don't overstuff a backpack; it should weigh no more than 5 to 10 percent of your child's body weight
- Rolling backpacks should be used cautiously since they can create a trip hazard in crowded school hallways

Riding a bicycle to school

Teach your child the rules of the road and practice riding the bike route to school with your child

- Ride on the right side of the road, with traffic, and in single file
- Come to a complete stop before crossing the street; walk bikes across the street
- Stay alert and avoid distracted riding
- Make sure your child always wears a properly fitted helmet and bright clothing
