Re: Request to Delay Satellite School Opening Year

State Charter School Board Members,

On behalf of Wasatch Peak Academy's board of directors and administration, we want to thank you for your trust and support throughout our satellite school application process. When we presented our satellite request at your January 2022 board meeting, we committed to closely monitor the progress of the housing development that was to be the future location of our satellite school. We noted that if the developer was unable to keep pace with our timeline, we would notify you and ask to postpone our opening to the fall of 2024. Since that time, the development has encountered setbacks, and as a result, our board met and decided the best approach would be to postpone the satellite's opening and take some time to explore other surrounding locations. We recognize this decision requires your board's consent and approval. Therefore, we respectfully request your approval to delay the opening of Wasatch Peak Academy's satellite school to the 2024-2025 school year. Our proposed delay has been incorporated into a revised Exhibit A and submitted to your staff for input and review.

Thank you again for your support,

Megan Triplett, Board President
Wasatch Peak Academy
