ACTION ITEM:

Item 6. Consideration of a Resolution to allow the Parks and Recreation Director to use the payback portion of the Parks and Recreation Impact Fees in the amount of \$90,450.00 to purchase and install a new playground at Wing Point Park.

Logan Miner, Parks and Recreation Director, reviewed the staff report with those in attendance.

Cl. Carlson inquired if picnic bench should be added. Logan Miner added that adding a walking path around the park would help with connectivity. Cl. Egbert expressed concern about the current and long-term use of the park. She would like long-term goals for the park prior to adding new equipment. It was discussed to move the playground equipment further into the park, but as discussions were held it was decided to keep the equipment where it currently is and add a walking path to the South and West side, so it connects with the existing sidewalk.

Motion: Cl. Jones moved to approve a resolution to allow the Parks and Recreation Director to use the payback portion of the Parks and Recreation Impact Fees in the amount of \$90,450.00 to purchase and install a new playground at Wing Point Park including 5 ft walking path on the south and east side of the park to make accessible for a future request.
