Town of Rockville

Re: Application for Alternate Planning Commission member

Please accept this application for the Alternate Planning Commission member position.

I have resided in Rockville since 2010 and have participated in several volunteer activities including but not limited to road clean up, flags, and as the Tree Board. I also run Zion Animal Lovers rescue and currently serve as the Board President for Because Animals Matter rescue.

In my years in the Town I have participated in the public meetings, and keep abreast of issues that arise. I have read the General Plan and Land Use Code. I believe that the General Plan and Land Use codes should be upheld and amended if needed by the majority of citizens after careful consideration including reviews of Local, State and Federal statutes and case law.

My background is in contract analysis, researching applicable laws and statutes and extensive negotiations experience.

Thank you for your consideration.

Sincerely

*Robin Smith*
