PRELIMINARY SITE PLAN

PURPOSE

The site plan review process is established to encourage adequate advanced planning and assure a good quality environment for the City. Such procedure is intended to provide for orderly, harmonious, safe, and functionally efficient development consistent with priorities, values, and guidelines stated in the various elements of the Toquerville City General Plan, and the Land Use Ordinance, and to protect the general welfare of the community.

WHEN REQUIRED

The preliminary site plan review is only required on the following projects when the Zoning Administrator determines the scope of the project requires both the preliminary site plan and site plan approval.

- a. Any multiple-family residential use;
- b. Any public or civic use;
- c. Any commercial use; or
- d. Any industrial use.

The preliminary site plan is also required with a submittal of zone changes to Planned Development Overlay, or changes to an approved Planned Development Overlay.

A preliminary site plan is not intended to permit actual development of property pursuant to such plan, but is prepared merely to represent how the property could be developed. Submittal, review, and approval of an application for a preliminary site plan shall not create any vested rights to development.

Upon approval of a preliminary site plan, the applicant may prepare and submit the greater level of detail required for a site plan review application, which is required before construction may commence.

PROCESS

The preliminary site plan is submitted to the Planning and Building Department approximately 1 week and 1 day by no later than 12:00 p.m. prior to a regularly scheduled Planning Commission meeting. During this time prior to the meeting, staff will review the plan, and prepare a report and recommendation for the Planning Commission. The Planning Commission at the public meeting will review the application and staff's report, and approve, approve with conditions, or deny the preliminary site plan.

APPEALS

Since there are no vested rights with the approval of a preliminary site plan, the matter is generally not appealed. However, if an appeal is made, it would be filed with the Clerk of the Board of Adjustment located in the Planning and Building Department, and heard by the Board of Adjustment. The decision of the Board of Adjustment is final unless appealed to a court of competent jurisdiction within thirty (30) days from the date of decision of the Board of Adjustment.
