Council Member Dustin Gettel said he would like the mayor to be a voting member of the council. He said he wouldn't want to change the form of government during a term of the

mayor but it could take place when the term expires. If future mayors don't feel adequately compensated, they can delegate tasks to staff. Although he said he felt the current compensation is adequate.

Matt Dahl said Mayor Stevenson has been spending a lot of time on UPD issues and homelessness issues, which is different from other mayors.

Mayor Stevenson said he was not in favor of having this discussion. He said he is very comfortable with the compensation.

Council Member Bryant Brown said has always been concerned with finding the best candidates.

Council Member Dustin Gettel said he would like to see if there's a way to allow the mayor to vote by legislative action.

The council discussed the different forms of government and compensation of part-time versus full-time mayors.

7:00 PM – REGULAR MEETING

Mayor Marcus Stevenson called the business meeting to order at 6:37 p.m.

I. GENERAL BUSINESS

A. WELCOME AND PLEDGE OF ALLEGIANCE

B. ROLL CALL - Council Members Heidi Robinson, Dustin Gettel, Bryant Brown, and Quinn Sperry were present at roll call. Council Member Paul Glover was excused.

C. UNIFIED FIRE REPORT

Chief Brad Larson said Unified Fire has three fire stations under construction. Station 102 in Magna, and Stations 251 and 253 in Eagle Mountain. The wildland crews have returned from the great basin fires. Chief Steve Higgs announced his retirement today which will be on December 31, 2022. Chief Higgs has served 45 or more years and was responsible for training and mentoring many firefighters. He said the summer events are winding down. This last year Unified Fire was involved in 99 events. Unified Fire met with Mayor Stevenson and Matt Dahl last week and presented the Standards of Cover to them. He said these will be presented to the council in a workshop in November or December. The document is used to identify risks within the community and potential response gaps that may exist. It will enhance communications with Midvale City.

II. PUBLIC COMMENTS

Cassandra Sharp said she is the mother of 5 boys and a resident of Midvale. She said she recently took a walk down Midvale Main Street with her husband and two of her sons to see the murals. While most of them were entertaining, she ended up being very

shocked and appalled by the sexual nature of the very prominent mural on the south side of the building at 7607 South Main Street. It is of a naked male and female. One of the naked female's large breasts is clearly visible. This is indecent and verges on soft-core pornography, in my opinion. Sorry to be explicit, but just because the nipple is barely covered doesn't make it okay. If people really want to see this kind of art, they can hang it in their homes or go to a museum, Las Vegas or the internet, but it should not be found in public view in Midvale. The other very disturbing thing about the female in the mural is that to me, the face looks more childlike than womanly. So, it gives the impression of a naked child riding piggyback on a naked man. It is confusing and disturbing. She said she could not comprehend how this picture passed the review process and was cleared by the committee to be painted and that an artist was paid to paint nudity on historic Main Street. With events like Halloween on Main Street, the children's entrepreneur farmer's market and other Main Street festivities, attracting families with children to Main Street has clearly been the focus. If the goal of the Main Street project is for it to be a family friendly atmosphere, she did not see how these fit in with that goal. She said are we going for slutty skanky or for a classy, family friendly kind of experience? She said she wants to feel proud to show off historic Main Street, but something needs to be done about this highly objectionable mural. How about the artist getting rid of the naked breast and adding some clothing. She said she would like to be able to take her teenage boys and grandchildren and aged mother down Main Street without running into such indecent exposure. Thank you. She asked that this statement be on public record.

Wayne Sharp thanked Public Works for the curbs on Lennox and Main Street that got painted red. It has made a huge safety difference. The mural on the corner of 7607 South Main Street is pornography related. He said when he first saw it, he was shocked. The naked female's face looks like a young girl's face and her naked bum looks like a baby's bum about to be fondled by the portrayed naked man. This mural is borderline child porn, and he does not want it in my community. If they want it inside their building and out of public view that is up to them. Now City Council and RDA board members, this moment could be a critical moment for the future of Midvale's downtown image. If this mural is allowed to remain as is, it could and most likely will lead to inviting other porn related murals and material to enter the downtown area. He said he was not there to discuss the negative effects of porn on individuals or the community. He was there to ask the Council to take a stand for our city by sending the message "we do not tolerate or endorse porn related material in the public view." If people want it in their private space that is their choice. He said having served on the City Council and the RDA Board, know this can be a difficult and possibly controversial issue but please have this mural removed or replaced with something more appropriate for a family friendly environment and not porn related. Thank you Wayne Sharp.

III. COUNCIL REPORTS

A. Council Member Heidi Robinson- had nothing to report.

B. Council Member Paul Glover - excused

C. Council Member Dustin Gettel – thanked Public Works for taking care of two water main breaks over the weekend. Both were fixed quickly. Thanked police department for some interesting incidents in Midvale over the last week. Those incidents are very difficult for the police staff. With the new development in his neighborhood, there have been some questions on the water and soil quality there. Asked for a report from city manager. The report was sent to him, which was a couple of years old. The report said some of the water is contaminated and steps were being taken to remedy that. Would request the person working with the EPA come and explain those findings to them.

D. Council Member Quinn Sperry – complaints of traffic light on South Union Avenue and Hillcrest entrance. When the light is off it is causing confusion, so people don't know when to go. Work with UDOT to make a better sign in the area and mark the lanes. Thanked the Sharps for their comments on the mural. Everyone has their opinion on what art is. He expressed before that particular mural was not approved by the council. He didn't believe the images it portrays is what he'd like to see.

E. Council Member Bryant Brown – thanked the Sharps as well. He's had several people complain about it. Didn't think it should have received any RDA funding for that mural. If owner of that building wanted to pay for that, don't know much the council can do. But as far as the city's portion, they should not have been paid.

Matt Dahl said he would look into that payment since they didn't do what they had shown the city.

IV. MAYOR REPORT

Mayor Stevenson said if a tax increase is not given to the library by next year, it will be shut down. Last week the county council decided to do a truth in taxation this year. The public hearing will be on Dec 6. Unified Fire Station 125 nearing completion with a date of Oct 24 construction date, when it will be handed over to Unified Fire Authority. Opening sometime in November. Unified Fire Service Area do not plan on a truth in taxation this year. It is very likely they will need to next year. Unified Police Department attended full board meeting last week. Passed a fund balance policy, which were part of the reforms Council pushed for. Both in precincts and shared services set fund balance of 8.5% and a maximum fund balance of 15%. Anything over the 15% the individual communities will be able to get a check to return to their general fund or offset the member fee the next year. Same thing with shared services. Can receive a check back or offset the member fee for the next year. That will happen at the rate we contribute which is 18.15%. Organizational review, which was also part of the reforms from the council, did approve \$100,000 for this organizational review through the organization of the police. Going through that process and wanted to make sure the board had the ability to ask questions to this independent organization. The board created a subcommittee to be in charge of this process, he was appointed as the chair of that committee. Processes should begin soon.

V. CITY MANAGER REPORT

Matt Dahl also thanked public works in regard to the leaks on Friday of which they worked on from 9 pm to 3 or 4 am that night. Appreciated the work that they performed.

VI. DEPARTMENT REPORTS

A. PUBLIC WORKS REPORT

Glen Kennedy said thank you for the gratitude to the public works crew. It means a lot. Had an OSHA inspection and finished on Thursday. Held a 3 hour safety meeting to go over the checklist from OSHA. A very good training and good things came from it. CIP budget had requested funds for new salt hangers which are about 90% complete. Budget was 12,000 and came in well under budget of 6,000.00 Have four new hires in water, street, and a van driver. The cola increase helped immensely in the hiring process and thanked the council for the increase.

VII. CONSENT AGENDA

A. CONSIDER MINUTES OF SEPTEMBER 6, 2022

MOTION: Council Member Dustin Gettel MOVED to Approve the Consent Agenda. The motion was **SECONDED** by Council Member Heidi Robinson. Mayor Stevenson called for discussion on the motion. There being none, he called for a roll call vote. The voting was as follows:

Council Member Quinn Sperry	Aye
Council Member Paul Glover	Absent
Council Member Heidi Robinson	Aye
Council Member Bryant Brown	Aye
Council Member Dustin Gettel	Aye

The motion passed unanimously.

VIII. ACTION ITEM

A. CONSIDER ORDINANCE NO. 2022-O-14 AN ORDINANCE AMENDING THE GENERAL PLAN TO INCLUDE A MODERATE-INCOME HOUSING ELEMENT

Meggie Troili said the city proposes an amendment to the Residential Development & Housing section of the General Plan 2016. The amendment includes 3 phases for a moderate-income housing element, six moderate income housing strategies, and a five-year implementation plan. This moderate-income housing element is designed to meet current and future housing needs for those households whose incomes fall on or below 80% of the area median income (AMI). Midvale City requests this amendment to be in compliance with Utah State Code 10-9a-403 and 17-27a-403. Public notice was sent to affected entities as required in 17-3-9 of the Municipal Code. No comments were received as of the writing of this report.

STAFF ANALYSIS:

AMENDMENT TO THE GENERAL PLAN – Midvale City requests this amendment to be in compliance with recently adopted and enacted Utah State law.

STAFF RECOMMENDATION:

Based on the requirements of 10-9a-403 and 17-27a-403 of Utah State Code, Midvale City staff recommended approval of the amendment to the general plan to the City Council.

Background

The Midvale City Housing Plan was adopted November 2019 and its adoption as an amendment to the general plan included 4 moderate income housing strategies and 5-year implementation plan as required by Utah state code.

Updates to the code in 2022:

- Strategies reduced from 26 to 24 (multiple strategies were combined into one)
- Updated language for each strategy
- Inclusion of a station area plan requirement for municipalities with fixed guideway public transit stations.

Amendment Overview

This general plan amendment would update the Moderate-Income Housing Element in accordance with Utah State Code 10-9a-403 and 17-27a-403.

1. Minimum 4 strategies
2. Station area plan
3. Additional strategy included to receive priority TIF/TTIF funding through UDOT.
4. 5-year implementation plan

General Plan amendment report due October 1st

Midvale City will be revising its Moderate-Income Housing Plan to meet the needs of households whose income falls on or below 80% of the area median income (AMI). To achieve this, Midvale City will roll out the plan in three phases.

Phase 1 (October 1st, 2022) - Select 6 out of 24 moderate-income housing strategies, one of which is to develop and adopt a station area plan, and a five-year implementation plan.

Phase 2 (by end of FY22) - Collect and analyze current local demographic and housing data for Midvale City to further refine and strengthen the moderate-income housing implementation plan. Include this baseline data in the General Plan.

Phase 3 (FY22 – FY27) - Carry out the moderate-income housing implementation plan and submit annual progress reports through the Utah Housing and Community Development department.

1. Preserve existing and new moderate-income housing and subsidized units by utilizing a landlord incentive program, providing for deed restricted units through a grant program, or establishing a housing loss mitigation fund;
2. Reduce, waive, or eliminate impact fees related to moderate income housing;
3. Implement a mortgage assistance program for employees of the county/municipality, an employer that provides contracted services for the county/to the municipality, or any other public employer that operates within the county/municipality;
4. Apply for or partner with an entity that applies for state or federal funds or tax incentives to promote the construction of moderate income housing, an entity that applies for programs offered by the Utah Housing Corporation within that agency's

funding capacity, an entity that applies for affordable housing programs administered by the Department of Workforce Services, an entity that applies for affordable housing programs administered by an association of governments established by an interlocal agreement under Title 11, Chapter 13, Interlocal Cooperation Act, an entity that applies for services provided by a public housing authority to preserve and create moderate income housing, or any other entity that applies for programs or services that promote the construction or preservation of moderate income housing;

5. Demonstrate utilization of a moderate-income housing set aside from a community reinvestment agency, redevelopment agency, or community development and renewal agency to create or subsidize moderate income housing; and
6. Develop and adopt a station area plan in accordance with Section 10-9a-403.1.

Matt Dahl asked how many of these strategies were in the 2019 that are listed currently.

Meggie said some of the strategies from 2019 have been completed. Required to have six strategies. Have added a couple of new strategies to have a total of six strategies.

Council Member Dustin Gettel asked if needed to suspend the rules to approve.

MOTION: Council Member Dustin Gettel MOVED to suspend the rules and Adopt recommended approval of Ordinance No. 2022-O-14, an ordinance amending the general plan to include a moderate income housing element. The motion was SECONDED by Council Member Bryant Brown. Mayor Stevenson called for discussion on the motion. There being none, he called for a roll call vote. The voting was as follows:

Council Member Quinn Sperry	Aye
Council Member Paul Glover	Absent
Council Member Heidi Robinson	Aye
Council Member Bryant Brown	Aye
Council Member Dustin Gettel	Aye

The motion passed unanimously.

IX. DISCUSSION ITEM

A. DISCUSS 2022-2028 INTERLOCAL AGREEMENT WITH SALT LAKE COUNTY FOR UPDES MEDIA CAMPAIGN COST SHARING

Keith Ludwig said as you all are aware, Midvale City is subject to the Phase 2 of the Clean Water Act. The city has a discharge permit under the MS4 program to discharge storm water into the waters of the State, which include canals, lakes, rivers, etc. This program is administered through the Department of Environmental Quality, DEQ. One section of the permit requires that the city have programs for public education and outreach. A big part of our program is participating with the Salt Lake County Storm Water Coalition in a media campaign. The coalition provides swag for staff to distribute out to the citizens. The current contract has expired, which is why he was proposing a new interlocal agreement with Salt Lake County for Midvale's continued participation in this program. This agreement will expire in 2028. The cost to the City will be \$5,479.14 per year, up from

\$5,000 per year under the last agreement. This has been paid for out of the fees collected from the storm water utility. The agreement has been reviewed and approved by our legal department. A resolution will be prepared for council consideration at your next meeting, authorizing the Mayor to enter into this agreement.

PLAN COMPLIANCE:
NA

FISCAL IMPACT:
Funds for this campaign have been paid from fees collected by the Storm Water Utility

Council agreed to put on the next meeting consent agenda.
