  - Programs and Activities

The hope with this discussion is that the Council will receive feedback from residents on the types of facilities and activities they would most like supported by the city. We will have representatives from each of the departments with the hope that they can provide information about their programs and where they see the needs in the future.

The focus of the discussion and questions should be centered around the types of services provided through the departments listed above. In the future we would like to have similar discussions about the other departments of the city so we can plan for the future of each of those departments.

### **RECOMMENDATION**

Staff recommends the continued funding and support of the various activities across the city while looking for ways to perform the same activities at a reduced cost or with increased revenues.
