An application in the works for 5B, all single-family on the west side, 5A is townhome, high density. There is not a price point, build out and once near completion they go to market. Project is a source of pride and want the buyers to enjoy their experience and to help always put a professionally managed HOA and leave with a full budget and capable hands.

### **PUBLIC PORTION OF MEETING OPENED**

**Speaker # 1:** Applicant

**Name:** Miguel Munevar

**Address:** 2943 South Dora Street

**Comments:** Mr. Munevar said application for the lot and worked with the city to accommodate and going below allotted density. Neighbors don't want many cars parking on the street. Talked about restriction with the height of 35 feet. Estimated to park two cars up to the sidewalk and garages with 20-foot driveway. Gone with common space in the backs and right of way is 50 feet, including 25 feet of paved road. Owner occupied and HOA/COOP. Rezoned for apartments on top and there was a roundabout and continuation of storm water going north, the apartments put a retention wall and must go all the way around for a pump system, that's the reason it has gone owner to owner. Getting an agreement with Magna Water to route the sewer lines.

### **PUBLIC PORTION OF MEETING OPENED**

**Speaker # 1:** Architect

**Name:** Benjamin Baird

**Address:** 1415 East 2100 South

**Comments:** Mr. Baird said he is here to answer questions. Right at the edge where 8400 comes into the road, both must have rework done to move drive access to the east. Part of the overall site layout, minimal landscape requirements, civil engineer provided landscape requirement threw on the roof. Still have the requirement on one building, neighbors to the east had land and sold if they agreed to heavily landscape and were able to remove 8,000 square feet of the roof. 2000 square foot patio, around perimeter of the roof is 6000 square foot green roof, only accessible to the residents. Curved south area for parking and wraps around all the buildings. Have a photometric lighting plan with the exception of commercial. Along the road had to put city standard lights, within there is rows of parking lights.

## PUBLIC PORTION OF HEARING OPENED

**Speaker # 1:** Applicant

**Name:** Mike Wagstaff

**Address:** 224 East 300 North, Farmington

**Comments:** Mr. Wagstaff said partnering and control over the parcels, just a rezone. A vision with a back parking lot.

*Commissioner Richards motioned to open the public hearing, Commissioner VanRoosendaal seconded that motion.*

**Speaker # 2:** Citizen

**Name:** Carolyn Lai

**Address:** 2936 South Buccaneer Drive

**Comments:** Ms. Lai said asked if this was the drugstore building.

**Speaker # 3:** Citizen

**Name:** Brian Burrows

**Address:** 3330 South 7200 West

**Comments:** Mr. Burrows said DH Mixed use, called for allowance of 75-foot structure. Three to four levels of apartments or others. Minimum 30 apartments. 30 parking stalls, conceptual plan. Current C-3 allows for some residents above. Concern with setback, not blocking view of the street and been an attraction. Still skeptical with setback and requirements and parking not an issue. Parking issues with similar rezones, Murray, Salt Lake City, South Salt Lake, and Midvale nightmare went over by 30% parking estimating. Magna Main not an adequate place for consumers.

**Speaker # 4:** Part Owner Empress

**Name:** Rachel Savon

**Address:** 2202 North 2600 West, Lehi

**Comments:** Ms. Savon said few concerns. Historic building on a national register and don't want to jeopardize the structure. Parking is an issue, not sure adding residents to the burden. Residents next to theatre, performances are loud. Been there 106 years. Don't utilize for parking, not sure where extra cars go and the planning. Huge issue already, this is right next door, maybe not parceled well. The parking lot will be right next to the building. If someone built commercial, that would block the access to the building. Sidewalk access and easement in the back.

**Speaker # 5:** Empress

**Name:** Jason Savon

**Address:** 2202 North 2600 West, Lehi

**Comments:** Mr. Savon said rezoning to mixed use and no plan, don't know if good or bad because there isn't a vision. Recommend seeing the vision. Would love to meet and get with him.

**Speaker # 6:** Citizen

**Name:** Laura Burrows

**Address:** 3330 South 7200 West

**Comments:** Ms. Burrows said she lives one parcel behind the drugstore. Vested on both ends, concerned about this, and would like to be given pros and would like stipulations. Not comfortable moving forward.

Encourage to go along with historic nature. Hesitate to support Highrise. Single family dwellings will be overwhelmed with parking and concern with how many units allowed there.

**Speaker # 7:** Citizen

**Name:** Ty Whiting

**Address:** 8850 West Blazing Oak Drive

**Comments:** Mr. Whiting said not opposed, should show a proposed plan. Body needs to understand they've made cash offers on this property and may have a parking fight. Choose to leave their parking lot open for access. May be forced to lock it down or make event parking. Concerned as owner of historic building, wall may collapse when they don't need that building anymore. If someone was going to put a C-3 it would've happened and Magna is up and coming, need secure plan and intensifies animosity.

**Speaker # 8:** Citizen

**Name:** Kari Duckworth

**Address:** 3408 Imperial Drive

**Comments:** Ms. Duckworth said she wonders about a zoning for parking, maybe take apartments out of the equations and parking issue when there are events.

**Speaker # 9:** Citizen

**Name:** Suzanne Whiting

**Address:** 8850 West Blazing Oak Drive

**Comments:** Ms. Whiting said chairperson of Oquirrh hills performing arts board. Concerns about mixing residential with commercial. Building has been there 106 years and been a theatre many of those years. What happens when they have performances that run late, do they have an easement to drive behind the theatre. Lived here a long time, she can remember when magna main street was a place to hang out. Why can't people be encouraged to do something with vacant buildings, soon will be vacant. If there's residents next to the building and someone starts a fire or destroy 106-year-old bricks. Parking and neighbors come I the shows screaming during productions to move vehicles.

*Commissioner VanRoosendaal motioned to close the public hearing, Commissioner Richards seconded that motion.*

**PUBLIC PORTION OF HEARING CLOSED**
