PLEASANT GROVE CITY

In September 1850, seven founding families settled in the area now known as Pleasant Grove. Attracted by a "pleasant" grove of trees that signaled the land was rich with water and good soil, they quickly established farms and homes.

Pleasant Grove is home to Strawberry Days. The first Strawberry Days was held on June 21, 1921; which makes it one of the longest continuously running community celebrations in Utah. So grab some strawberries and cream, settle back for the parade, cheer for the Strawberry Days Rodeo cowboys, and celebrate the centennial year of Strawberry Days.

MORRO BAY

On the Central Coast of California, a large, rounded rock rises majestically out of the Pacific Ocean. When Portuguese explorer Juan Rodríguez Cabrillo saw it in 1542, he named it El Morro because of the crown shape. However, this site had been significant to the Salinan and Chumash people long before that. In 1870 Franklin Riley founded the settlement of Morro Bay as a prime trade location for dairy goods, fresh produce, and commercial fishing. The iconic rock complemented with three 450-foot smokestacks give the appearance of Poseidon's crown and trident rising from the ocean. Morro Bay is a hidden gem beloved by all who know it, and it attracts new visitors every year. We are grateful to Morro Bay Beautiful for commissioning this new Eric Dowdle painting and introducing us to their wonderful city. Come with us to Morro Bay.

Land that I Love

After an unexpected and miraculous victory over the world's superpower, the British Royal Army, George Washington ascribed the victory not to himself but to God.

The success, which has hitherto attended our united efforts, we owe to the gracious interposition of heaven. To that interposition, let us gratefully ascribe the praise of victory and the blessings of peace. (Letter to the Executives of New Hampshire, November 3, 1789)
