Re: Temporary Use/Special Event permit

The Tri-State ATV Club, a 501 (c) (3) charitable organization, is requesting a temporary Use Permit to allow access to Grafton, within the Town of Rockville, by one of its 18 sponsored rides during the 2023 Tri-State Jamboree on March 30-31 and April 1, 2023. These rides occur primarily on public lands under appropriate permits and approvals.

This particular ride, the Gooseberry Mesa ride, begins in Apple Valley and stops at various points of interest on the Mesa before descending to the Grafton townsite and associated cemetery. This ride was permitted and conducted in March of this year, the 17, 18 and 19th.

The ride will be limited to 20 participant machines and will be guided and controlled as indicated in the permit application and in accordance with past permit stipulations. This will be the 18th Tri-State Jamboree and will continue to promote ethical and legal riding protocol.

Rockville's support will be appreciated.

Thank you,

Glen Zumwalt
