C. CWC and University now desire to further amend the Agreement, as previously amended, to adopt another (so-called “Human”) element into the Environmental Dashboard by incorporating the “visitor use study” work of Utah State University performed under a separate interlocal agreement between CWC and USU (the “*Human Element*”) as described in the “Proposal for the Human Element of the Environmental Dashboard” dated 13 April 2022 and updated 4 January 2023 from University to CWC, a copy of which is attached hereto as an exhibit (the “*Exhibit*”).

D. Consequently, the Parties now desire to further amend the Agreement, as previously amended, to adopt a revised scope of work for University, a revised schedule for completion of such work, and a revised fee schedule for that work.
