

# School LAND Trust Program

## Senator Kathleen A. Riebe

Utah Land Trusts  
Protection &  
Advocacy Office

# \$2.6 MILLION

in Trust Land funds were distributed to 27 schools in your legislative district.

The State of Utah School and Institutional Trust Lands System provides significant funding to support public schools at no cost to taxpayers. A record \$96 million was distributed to Utah schools for the 2022- 2023 school year. Money is earned from 4.4 million surface and mineral acres managed by the Trust. These lands are not public lands; they are lands designated at statehood by Congress specifically to generate revenue to support designated beneficiaries, including public schools. Revenues generated from energy, real estate, and surface resources, along with investment earnings have grown the permanent fund to exceed \$3.2 billion today.

School Name	Distribution	Enrollment
Bella Vista School	\$32,502	227
Brighton High	\$296,600	2,236
Butler Middle	\$124,330	896
Butler School	\$83,025	592
Canyon View School	\$66,443	479
Copperview School	\$56,854	413
Diamond Ridge	\$14,066	92
East Midvale School	\$71,887	510
East Sandy School	\$53,216	389
Eastmont Middle	\$90,684	663

Mountain Heights Academy	\$131,118	971
<b>Total Distribution</b>	<b>\$2,622,071</b>	<b>18,820</b>

# Have a Voice in How School LAND Trust Funds are Spent

## Join Your School Community Council

### What are School Community Councils?

School Community Councils (SCC) are a unique and powerful way for parents to have a direct impact on student achievement.

Every school must have a SCC that consists of parents, school employees and the principal. Councils are parent-majority and provide a vital perspective to the needs of the school. SCCs meet regularly to discuss various topics of interest and develop Teacher and Student Success Plans.

### The Role of a School Community Council

SCCs develop a School LAND Trust Plan that uses School LAND trust funding to address a school's greatest academic need.

Parents may bring issues of concern to the council seeking solutions. The Council may choose to address them or recommend another group or entity better suited to implement solutions.

They may make recommendations to the administration of the school and district.

### SCCs have a direct impact on student success

By joining your SCC you will help oversee and have a say in how

**\$96 million** in LAND Trust money benefits students in the state of Utah.

The average SCC spending per pupil is \$142.

#### How can you get involved?

See your school's website for more information about when your local School Community Council meets, former LAND trust plans, and how you can get involved.
