

Utah Department of
Health & Human
Services

Mini-Grant Opportunity!

Funding provided by the Department of Health and Human Services (DHHS)

Community partners are needed to help spread awareness about free and low cost public health coverage through grassroots outreach and education!

With funding provided by DHHS, **Target River** is offering ten **\$5,000 mini-grants** to community based organizations statewide, to assist with outreach and engagement of their local communities in an effort to promote enrollment of children in **Utah Medicaid and the Children's Health Insurance Program (CHIP)**!

What Do Medicaid and CHIP Offer?

Utah Medicaid and CHIP offer free or low cost health coverage for low-income Utah children.

Children do better when they have quality health care -- they grow up stronger, ready to learn and prepared to contribute to their communities.

How do community based organizations apply?

Interested organizations will need to submit an application with the following details:

- Proposals on outreach tactics to reach families in your community
- Demonstration of need for your community
- Timeline for the campaign
- Proposed measurements to show effectiveness

To apply, complete the Mini-Grant Application-

<https://forms.gle/XCfonUQpZj77STsV9>

More information about these programs is available at: coveringkids.health.utah.gov

If you have questions, please contact: rahul@targetriver.com

Target River will contract, train and oversee the mini-grant awarded organizations.
