Introduction of agenda by Victoria Malmborg

Agenda:

Survey draft: not enough response from board members yet to finalize the survey.

Huntsville Park Tree Removal: still waiting for more specific explanation of costs.

Chris Allen is considering setting up a general OVPSA email address to use for submitting expenses and multiple board members can view it. Chris A did get a credit card to use when down payments are needed. Chris A departed the meeting.

Victoria created an electronic draft survey using Google Forms. Board members viewed it and commented on it. Chris P suggested sending it out to the individual parking boards for input and question suggestions. Board members will continue trying out the survey and giving feedback.

Survey should also address potential “programs” for the various parks, such as various sports leagues. Other questions and topics were discussed. Total amount toward participation prizes: \$2000?
