Brad Sorensen wrote:

Hello,

I am interested in the DJI T40 ready to fly spray & spread bundle. Can I get a quote for how much this will cost including how much it will cost to get it to Salt Lake City, Utah? We are also a government agency and do have tax exempt status. I can provide documents as needed if we decide to purchase from you.

Thanks,

Brad Sorensen

Hello Brad! Thank you for contacting Agri Spray Drones! To ensure you have all the necessary information to assist in your purchase of the [Agras T40](#), we have compiled the following resources. Please take a moment to review and as always, don't hesitate to let us know if you have additional questions or would like an official line-itemized quote.

The Agras T40 is the newest sprayer drone on the market. The latest addition to the Agras lineup offers a lightweight frame, increased 10.5-gallon tank size and binocular vision making it a great fit for precise in-field spot coverage, whole field application, granular fertilizer application and cover crop seeding. To learn more regarding our sprayer/spreader system specs, [view our Agras T40 flyer](#).

Our Agras T40 package includes everything you need to run continuously throughout the day! The base package starts at **\$33,000**. This package includes:

- Agras T40 drone, Remote control, and Battery Cooling Box
- 1 battery charger
- 1 liquid tank
- 1 spreader system
- 3 batteries
- Battery Cooling Kit
- Field ops kit

**The field ops kit includes a headset, extra remote-control battery, fill through tank cap, and additional items deemed essential for operation.*

For an additional fee, we also offer comprehensive training, an extended one-year coverage plan, along with a consultant to help you obtain all necessary FAA licenses and exemptions. See the attached ASD Licensing Quick Guide.

We invite you attend a drone demo, hosted in Centralia, Missouri, each week. [CLICK HERE](#) to sign up! Also, check out our YouTube Channel @ <https://www.youtube.com/c/agrispraydrones>.
