

CERTIFICATION OF INDIRECT COSTS

This is to certify that I have reviewed the indirect cost rate proposal submitted herewith and to the best of my knowledge and belief:

- (1) All costs included in this proposal dated January 09, 2023 to establish billing or final indirect cost rates for July 1, 2021 through June 30, 2022 are allowable in accordance with the requirements of the federal awards to which they apply and OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.
- (2) All costs included in this proposal are properly allocable to federal awards on the basis of a beneficial or causal relationship between the expenses incurred the agreements to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently and the federal government will be notified of any accounting changes that would affect the predetermined rates.

I declare that the foregoing is true and correct.
