The plans and application has been submitted but if we plan on getting on the March agenda they will not be able to give us a grant but we can wait til the May meeting to see. They had to relook at some of the information that was submitted. The work on the new tank for Junction will start in May.

The sidewalk by the store has not been filled with rocks but Toni will take care of this. The grader tires are low and if they do not get some air in them then they will be ruined. Coy will ask Paul to do this.
