9. Resolution 23-12: Budget Amendments Fiscal Year 2023

I have a question regarding the spreadsheet for the proposed budget amendments. When the term "Fund Balance to be Appropriated" is used, what numerical sign (+/-) should also be used. As shown below, numerical values are shown as both positive and negative for the same term. I am confused!

20-71-610	Recreation - Miscellaneous	+85,000	2022 Gravel Pit - Canyon Meadows
20-39-900	Recreation - Fund Balance to be Appropriated	+85,000	2022 Gravel Pit - Canyon Meadows
45-34-445	Contributions - Restricted	+85,000	2023 Gravel Pit - Canyon Meadows
45-39-900	Fund Balance to be Appropriated	-85,000	2023 Gravel Pit - Canyon Meadows
45-39-900	Fund Balance to be Appropriated	+40,000

10. Resolution 23-13: 2022 Municipal Wastewater Planning Program (MWPP)

There was a question asked and answered in MWPP Survey on Packet #2, Page 121 as shown below:

What was the annual average User Charge¹⁶ for 2022?

34.11

I believe that the number shown is actually the average monthly charge, not the annual charge.
