Sand Bags

There are 3 places in town that are set up to fill sand bags. With the snowpack being so high, the creek will likely run very high and fast this year, and it is the property owner's responsibility to prevent the creek from flooding onto their property. At these filling locations, residents will need to bring their own shovels, but sand and bags are provided.

- The trailhead on Canyon Road (just east of the turnoff to go to Bartholomew Pond)
- Community Park (in the North parking lot)
- Old Springville Pool next to the high school (now the Field House/Practice Facility)

If residents who live along the creek would like to monitor the flows and receive alerts, they can do so by utilizing this website

USGS.gov
