Big agenda coming up this year. Contracts are out for all events including Monster Trucks, Farmers Market and Entertainment.

May 15<sup>th</sup>, Food Truck Nights begin. If there is entertainment someone from the committee must be on site. The canopy is up but picnic tables may or may not be in place.

Draper City Community Page has all events listed on it.

Committee must have people in place during events.

Food Trucks will be moved into plaza and parking lot. Tables will need to be arranged and waste totes located around the canopy. We will also need a guide to help food trucks get into position and help entertainment get set up if necessary. We will need volunteers to facilitate all of this each week. Parking lot will be closed.
