RECITALS

WHEREAS Toquerville City (“the City”) is a Utah municipal corporation and political subdivision of the State of Utah and as such, holds the delegated police powers under the Utah Constitution to act as the Land Use Authority within its municipal boundaries - with the power to regulate those items set forth in Utah Code Ann. § 10-9a-102(2) .

WHEREAS the City, by and through its legislative body, the Toquerville City Council (“City Council”), is required to enact all necessary land use regulations as required by Utah Code Ann. § 10-9a-501.

WHEREAS presently the City has chosen to allow and regulate the act of renting a Dwelling or portion thereof for a period of 30 days or less via a permitting process and not through the City’s traditional zoning regulations (such as making it a permitted or conditional use within certain zoning districts).

WHEREAS the requirements and conditions for issuance and use of a Nightly Rental Permit are found in Section 3 of Chapter 17 (Supplemental Use Regulations) of Title 10 (Land Use Regulations) of the Toquerville City Code (“the Code”).

WHEREAS of recent the City has experienced a significant increase in the number of Nightly Rental Permits being applied for and issued.

WHEREAS presently Section 10-17-3 of the Code does not have any sort of limitation on the total number of, or percentage of, Dwellings within the City that can be utilized as a Nightly Rental nor does it contain any sort of spacing requirements between Dwellings being utilized as a Nightly Rental.

WHEREAS the City Council has, upon recommendation from the City’s Staff and the Toquerville City Planning Commission, determined that it is necessary and appropriate for the City to fully amend and restate Section 10-17-3 of the Code to provide better regulation of Nightly Rentals within the City’s residential zones thru a) a licensing process with the City Staff performing an initial review first before it is placed before the Planning Commission for a public hearing and recommendation and then final approval by the City Council, b) a cap on the total number of Nightly Rentals that can exist within the City at a given time, and c) the insertion of a physical spacing requirement between Dwellings where Nightly Rental Licenses have been issued so that the neighborhoods of the City can retain their rural, small town feel and so that Nightly Rentals do not permeate and monopolize the City.
