**Speaker # 1:** Ivory Development

**Name:** Nick Mingo

**Address:** Not provided

**Comments:** Mr. Mingo said Sigma will continue all the way through. Would like to do something with the monument, bring it into the community. To date they have said no thank you and really give space for the monument. The road connection in phase 2 will come back to 4100 and a second access. Combination of infrastructure, access, services, will be back to discuss other phases. The access will be north of the truck ramp. Bring in better housing and improve the image.

### **PUBLIC PORTION OF HEARING OPENED**

**Speaker # 1:** Citizen

**Name:** Bryce Larabee

**Address:** 7688 West Adam Hill Cove

**Comments:** Mr. Larabee said he has been having problems getting a garage addition to his house. Gone to the next review point. Built and experienced builder. Addition added to his home, six months to approval. Going to build as a carport and did not think he needed a permit and overbuilt. Hit structural part, cement slab on side of the house for 18 years. To dig down for forty-eight inches, put foundation up through the cement, now being told to dig out foundation and undermine the integrity. He is going to have to tear it down. He is a roofer, built with two-by-ten and solid. He must add cement footing forty-eight inches. Mag 055 member. On dead end cul-de-sac. County became aware of the building, and he wants to know how. He draws the line on this and sounds insane. Treated the driveway as a footing and settled for 18 years.
