Other Amendments Not Previously Identified Above

Please describe amendment request.

Recently, the charter board approved WSA to open a new K-12 campus. Our original intent was to build this new campus in the Kearns/Taylorville area; however, the amount of land required for such a school is difficult to obtain in such a built out neighborhood (for a justifiable price). This is due to the actual square footage necessitated by such a large student population and the required amount of parking needed for serving high school students. To be specific, we’d need roughly 5 acres of land for a typical K-8 schools, but we’d need closer to 8-10 acres for a K-12. This amount of land has been extremely difficult to acquire.

We would like to ask the board to amend our agreements to allow us to continue building our new campus for grades K-8 in the original area planned, and instead build the 9-12th grades next to our West Valley City school (there is land available for sale right behind our existing building).

This plan keeps our LEA at the original approved number of students, while making the most of the available land we can obtain. It also allows us to remain vigilant with our organization’s debt and public funds. It also creates more opportunities for our existing students to attend a WSA high school as the West Valley school is technically the most central location for our student population.
