Conditions of Permit

- Prior to the commencement of excavation/grading, grading limits of the permitted area must be clearly indicated by poles and flagging that extends a minimum of six (6) feet above the ground.
- If the area to be excavated/graded is located in a flood hazard area as identified by the Town Flood Plain Map, and/or is located in sensitive lands as identified by the Town's Zoning Map, no grading will be allowed until appropriate studies have been completed.
- This permit is only for work approved on the property and for the work specified on this application.
- Approval of this permit does not relieve the applicant for compliance with the Federal Endangered Species Act.

APPLICANT CERTIFICATION

I certify under penalty of perjury that this application and all information submitted as part of this application are true, complete and accurate to the best of my knowledge. I also acknowledge that I have reviewed the Rockville Land Use Code and that items and checklists contained in this application are basic and minimum requirements only, and that other requirements may be imposed that are unique to individual projects or properties. I also agree to comply with any and all applicable Town Ordinances in effect as of this date. Should any of the information or representations submitted in connection with this application be either incorrect or false, I understand that the Town may rescind any approval(s), or take any other legal or appropriate action. I also agree to allow the Planning Commission, Town Council or appointed agent(s) of the Town to enter the subject property, with reasonable notification, to make any necessary inspections. I have carefully reviewed and verified that all of the above required items have been included with this application. I have made a check mark or indicated N/A for items that do not apply, and have insured that the plans and application are complete.
