RE: Proposal for Groundwater Database Ongoing Assistance

Dear Chris,

Hansen, Allen & Luce, Inc. has been asked to provide this proposal to the Mt. Nebo Water Agency (MNWA) to provide technical assistance for continued monitoring and tracking of groundwater levels in specific wells in Southern Utah Valley. Included in this effort will be ongoing updating of a database to provide MNWA members with historic information on groundwater conditions so that groundwater resources can be responsibly managed. MNWA understands that having groundwater level data will provide valuable data required to establish an effective groundwater management plan and maintain an effective groundwater management program.

SCOPE OF WORK

HAL developed the groundwater database for the Southern Utah Valley in a previous project. HAL will continue to coordinate with Central Utah Water Conservancy District, Genola, Payson, Salem, Santaquin, Spanish Fork, Utah County, Strawberry High Line Canal, Goshen, Woodland Hills, Elk Ridge, Springville, Mapleton, SWUA, USGS, Utah Division of Water Rights, Utah Department of Natural Resources, and irrigators with large wells included in the database. We will review submitted data and coordinate with entities regarding missing, incomplete, and inaccurate data. We can also work to streamline and automate the data collection process, automate the visualization of the data, and setup automated email reminders.

ASSUMPTIONS

The following assumptions have been made for this proposal:

- a) the cities will be responsible for monitoring their own well sites, collecting the data, and submitting to the data portal,
- b) quarterly monitoring reviews will be made on or near January 1, April 1, July 1, and October 1,

Mr. Chris Thompson

PROPOSED BUDGET

We propose a budget of **\$4,250** based on the scope above. All work will be billed according to HAL's attached standard hourly rates.

Thank you for the opportunity to work with MNWA to continue assistance with MNWA's groundwater database in south Utah Valley. Please let us know if you have any questions about this proposal.

Respectfully,

HANSEN, ALLEN & LUCE, INC.
