

**SPECIAL MEETING OF THE CITY COUNCIL
BUDGET WORK SESSION
May 11, 2023
6:00 p.m.**

PRESENT:	DJ Bott Alden Farr Dave Hipp Matthew Jensen Ryan Smith Robin Troxell	Mayor Councilmember Councilmember Councilmember Councilmember Councilmember
ALSO PRESENT:	Christina Boss Mike Christiansen Tom Kotter Derek Oyler Chad Reyes Brandon Thueson Mike Young	City Recorder City Attorney Finance Director City Administrator Police Chief Fire Chief Assistant Fire Chief/Fire Marshal

Mayor Pro Tem Farr called the meeting to order at 6:00 p.m. Mr. Oyler was asked to give the reverence period, and the Pledge of Allegiance was recited.

BUDGET WORK SESSION

Mr. Kotter came forward and explained that he had made an error in the budget relating to the proposed public safety pay increase of 6% for command staff and 8% for officers. The Mayor's budget presentation at the May 4th meeting included only a 5% increase which resulted in a \$226,335 difference. Mr. Kotter stated staff would look at options to cover the shortfall, such as sales tax revenue.

Police Department

Chief Reyes displayed his presentation on the screen and explained there were still three vacant sworn FTE positions remaining after last year's pay increase. In addition to looking at pay increases, the Department formed a branding committee to look at culture and work environment and has continued aggressive advertising and recruiting. Chief Reyes displayed the chart below noting cities/agencies in red were proposed 2023/24 wages and black were prior year's wages.

Agency	Starting Wage	Top-out Wage	Number of Steps	% Spread
Roy	26.08	41.35	11	37%

UHP	30.00	43.00	12	30%

- Several PT openings un-filled since October 2022; raised pay rate and not able to fill

Chief Thueson explained the all call system requires all FTEs to sign up to serve in an on-call status on one of their days off. Chief Thueson noted the decreased use of their all call system with the hiring of 3 FTEs included in last year's budget. With 8 personnel on duty, it has been shown the need for all calls drops from 46% to 3%. Chief Thueson expressed his hopes that with the increase in FTEs, the all call system would not be needed or greatly reduced.

Mr. Kotter came to the podium and displayed the financial impact of the staffing recommendations which were included in the Mayor's budget.

Chief Thueson mentioned the County wide feasibility study for fire services would be a yearlong process at which time the data would be reviewed and a decision made whether to move forward. In the meantime, he felt moving forward with Brigham City's fire services plans was necessary and warranted. Councilmember Farr and Mayor Bott acknowledged the study and confirmed it would look at future consolidation of services throughout the County which could be a fire district, if agreed upon by the voters, or it could be interlocal agreements, or some other arrangement.

PUBLIC COMMENTS

Tim Hawes – Mr. Hawes had concerns with the public safety wage increases, and pointed out some of Chief Reyes' comparison cities were larger than Brigham. Referring to the FD master plan, he stated the fire call volume has not increased in the past 5 years and the average number of firefighters in the area is 1 compared to the proposed 1.25. He also pointed out the size of the area BCFD actually covers without receiving tax revenue from the other areas.

Kristina Lenderman – Ms. Lenderman was in support of an increase in pay for emergency services employees.

Juliana Larsen – Ms. Larsen asked for clarification concerning the higher-than-normal revenue from the increase in sales tax in a strong economy, and at the same time, rate increases due to the effects of inflation. She also questioned where the revenue from impact fees went.

Mr. Oyler stated a budget work session was scheduled for May 23rd to discuss capital projects, utility rates, and the utility transfer. Another work session was scheduled for June 6th (*rescheduled for June 14th*) to discuss property tax rates. In response to the public comments Mr. Oyler clarified:

- Total payroll numbers include the full benefit costs which is salary plus health insurance, retirement, social security, Medicare, etc., also known as fully burdened
- The Mayor's budget may be different than the Council's final budget due to budget adjustments
- Ambulance and fire department budgets are separated due to EMS audits approximately every 4 years
- Some FD positions are split between both budgets and some fall under one; positions can shift back and forth between the two
- Staff budgets sales tax conservatively because of the expectation for an economic correction; inflation is hitting all budget lines
- The City does not fund ongoing costs with one-time money like sales tax revenue
- Impact fees are only assessed on new development within the City and can only be spent on specific items; park impact fees and monies in fund balance from prior years will fund the lighting upgrade mentioned in the budget presentation because it is an eligible expense

Mayor Bott addressed the comment about comparable cities not being the same size as Brigham. He explained when officers leave Brigham, they are not leaving to go to a comparable city, they are going to a city or agency where they can make substantially higher wages. Chief Reyes said the comparison with larger cities was justified when the Department is attempting to become fully staffed.

Mayor Bott also addressed the large area covered by the Fire Department and stated the feasibility study would cover that subject. Mr. Oyler stated the Mayor's office has been working on the issue and has had many meetings with surrounding areas in the past year.

Tim Hawes – Mr. Hawes asked if the EMS fees were raised as recommended in the master plan. Chief Thueson spoke about the State guidelines on ambulance fees.

Mr. Oyler explained there was a conflict with the June 6th work session and a scheduled Planning Commission meeting. Council re-scheduled the work session for June 14th.

The meeting adjourned at 8:31 p.m.

MOTION: Councilmember Hipp made a motion to adjourn the meeting. The motion was seconded by Councilmember Troxell and carried unanimously. Councilmember Hipp; aye, Councilmember Troxell; aye, Councilmember Jensen; aye, Councilmember Smith; aye, Councilmember Farr; aye.

The undersigned duly appointed Recorder for Brigham City Corporation hereby certifies that the foregoing is a true, accurate and complete record of the May 11, 2023 City Council Work Session.

Dated this 20th day of June 2023.
