Teacher Feedback Comment – Outgoing 3rd Grade Teacher

Hi All,

With the help of some of my wonderful coworkers, I was able to get my classroom cleaned out (aside from a few personal items that didn't fit in my 4runner). I know I still need to do a final check out with one of you, so please let me know when you're available. I'm going to come back either this weekend or Monday to get the rest of my things from my room. I will keep my keys until I am able to check them back in.

If I don't get the chance to see some of you, I just wanted to thank you for the best 4 years of my teaching career. It has been an honor and so much fun to work at NDPA, and it's very bittersweet for me to be leaving. But like I told Ryan, I have all intentions on coming back in the future when my baby gets older. It's time for me to put a pause on my teaching career and now I get to be a mom, something I have always wanted. Thank you for everything. I hope to see you next year when my baby is big enough to come visit. This isn't goodbye, it's see you later.
☺
Sincerely,
Danielle Kingdon

AAPPL Test 2018 to 2022 Report

The percentage represents the number of students at or above the level required by DLI.
Before Covid, the proficiency target was 80%. They changed to 70% after covid, although the DLI
coordinates want to keep 80%.

Grades 3, 5, and 7th take only the Interpersonal Listening and Speaking Test.
The ISL tests the ability to have a conversation with someone. The student speaks with a video chat
teacher who asks about them, their school, and their community.

Interpretative Listening, Interpretative Reading, and Presentational Writing

In Interpretative Listening, students will be able to understand and interpret information, concepts, and
ideas orally from various topics in Spanish.

During the Advisory Council Meeting last April, the DLI program highlighted the big drop in Listening in
all schools in Utah. This year we will focus on pedagogy strategies to increase listening and speaking
